* Product replacement policy

In the event of unexpected rupture (loss of shell integrity), Mentor will provide replacement of a Mentor product of any size in the same style as the originally implanted product free of charge for the lifetime of the patient. Upon the surgeon's request, a different implant style may be selected (subject to a charge of the difference between product list prices).

† Operating room and anesthesia charges to be given payment priority. In order to qualify for financial assistance, you will need to sign a release before Mentor will make payment to you on your behalf.

‡ Applies only to primary implant surgeries whether augmentation or reconstruction, conducted on or after May 1, 2017. If you had breast surgery prior to May 1, 2017, your warranty coverage is what was offered at the time of your original surgery.
